The partners of PZBil organize for example: sport competitions, show tournaments, training camps and art contests as well. The campagne is to show, that sport of billiards is for everyone. As for they who are 6, 16 as for whom are 60. The sport is a way of life, chance for reaching amazing achievements, start new acquaintances, and travelling the world. PZBil wants to show great advantages of running billiards' classes during physical education and an influence of such a classes on mind development.
